"We will organize a five day youth conference on global challenges in April 2011, where the main themes are *Development aid* and *organizational development*. We aim to engage about 700 minority youth from Norway, Sweden, Denmark, Germany, Italy, UK, Switzerland and the Netherlands on our project titled *Minority youth on European development aid*. We aim to:

1. Increase consciousness, sense of ownership and sense of moral obligation among European minority youth concerning global challenges.
2. Discuss prospective challenges and measures regarding European development aid.
3. Develop a platform for exchanging experiences and ideas among minority youth who reside in European countries and examine measures for organizational development. “
