

Special Report: PFDJ's Mounting Border Price Tag

FOR BADME or An Excuse?

Over 30,000 of our precious youth have been forced to flee our precious country. PFDJ wants Eritrean land, not the Eritrean people.

90% of University of Asmara graduates since independence have left the country.

Can PFDJ bring their foreigners to fight their wars and participate in its slavery campaign at time of its 'globalization'?

Look at these Sawa women victims, who just graduated military training (July 2006). Ask about them in few weeks or few months (if it hasn't happened to them already). Some will be raped by Sawa wolves, many more victimized in other ways, others too young to be in this condition. The rest are condemned to rot in no-man's land. Our future mothers condemned not to bear our future!

How many PFDJ victims in Adi Abeto, Wia, Gahtelai, Dahlak Islands and torture (fox) holes throughout Eritrea?

Over 2,000 precious Eritreans slaughtered by the PFDJ regime to date.

PFDJ's war of choice has cost Eritrea

- Over 19,000 sacrificed
- Additional over 5,000 sacrificed to causes related to PFDJ's war of choice
- Over 60,000 injured (at least 15,000 permanently disabled)

How many more?

Over 10,000 in PFDJ dungeons!

In PFDJ's Eritrea, **Senait's crimes** are for wanting to protect her children from her corrupt husband. An Eritrean Court was about to award her custody of their children. Her husband sent his leg breakers and, ever since, we have never heard from Senait again.

Is this our Eritrea? Not mine!

The most important tenet of modern government is the separation of State and Religion.

In PFDJ's Eritrea, nothing is sacred!

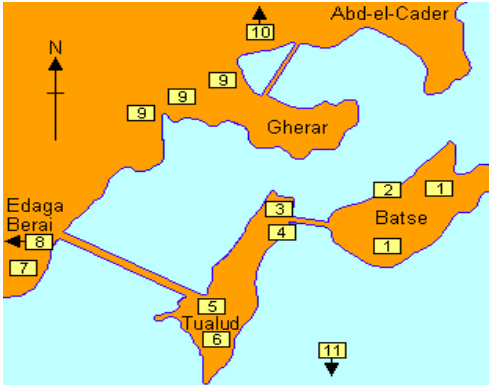

'Divide and Rule' requires that PFDJ tinker with religion and regions to secure power.

This picture is the most descriptive of the PFDJ organization. This is 'Animal Farm' reincarnated.

PFDJ is defunct!

As it must happen, the characters in this picture will turn against each other soon.

Massawa Security Zone

Is this a case of 'Him' getting ever closer to Nakura?

Is this a case of justice, through an invisible hand, coming back to torment those who meted injustice on others?

Is this 'Karma'?

Kombishtato renamed the Keki-Bitwedded Avenue

When released from prison, they didn't say we have paid enough price in prison, we are too old, our families need us, etc ...

They love their Eritrea too much. They would rather languish in prison than become PFDJ's instrument of torture. No bravery above this!

Mind boggling!

Conventional arms importers in the world -
 No. 1 Eritrea \$ **91.96** per \$ 1,000 (9.2%)
 No. 2 UAE **19.57** per \$ 1,000 (2.0%)
 - i.e. 4.5 times more than the second largest importer.

No wonder there is no money for bread!

PFDJ's Foreign Policy

In search of Pyrrhic victory!

Provoking an engagement that may engulf the entire region – Sudan, Ethiopia, Djibouti and Somalia.

USA & the West should extinguish the source of the fire!

Isn't it way past due to ask oneself and PFDJ, what is the price, is it necessary, what should I (we) do to stop PFDJ's injustice on Eritrean people?
